

# UNDERSTANDING YOUR MEMBER ID CARD

When you enroll in a health plan administered by Coeur, you will receive a Member ID Card. This card shows your Member ID number, which is unique to you, along with your employer name, Group ID number and your name. This information is used by healthcare providers to verify your coverage with Coeur and arrange payment for services performed. To better understand each section of your Member ID Card, review the below explanation and sample ID card. (Please note that your card may look different than the example provided).

**1 Member:** This section of your ID card shows the name of your employer and your Group ID number which each identify your employer, along with your Member ID number and your name which each identify you.

**2 Medical Plan:** This identifies your plan type and medical network.

**3 Medical Benefits:** Here you'll find your medical coverage, either for you, or both you and your dependents. You will also find the plan name along with payment information regarding common healthcare visits.

**4 Pharmacy Plan:** This section shows your pharmacy plan and prescription costs. Your RX Bin and Group Number allow the pharmacist to process your prescription. The PCN, or Processor Control Number is a secondary number that is used to route pharmacy claim transactions.

**5 Claims Submission:** Here, healthcare providers will find the address to submit a claim to once service has been received by you, the member.
