

HELP FOR YOUR HEALTHCARE EXPENSES

High healthcare costs running your funds into the ground? Your Coeur health plan is here to help.

Maximize your money with tax-free contributions to a Health Reimbursement Account (HRA)—and give your budget the boost it needs.

An HRA gives you greater flexibility with your funds by having a plan in place for any out-of-pocket medical expenses throughout the year.

Your HRA benefits:

All contributions are
tax-free

Quick, efficient claims
reimbursement

Unused funds can be rolled
over for use the next year

It's *your* money. Why not help it go further with an HRA through your health plan?
